

Release Notice: SACPA Reporting Information System Version 3.6

Release Date: June 5, 2003

Version 3.6 of the SACPA Reporting Information System has been released to production. Version 3.6 includes an upgrade to internal maintenance processes.

Upgrade to Internal Maintenance Processes

These changes do not affect user functionality. They are database maintenance processes to archive and clean up files.

If you have any questions or concerns, please contact the AOD Automation Help Desk toll-free at 1-877-517-3329.
